No 901 /NEB-14/2025 **BBSR, Dt- 15.09.2025**

NOTIFICATIONS FOR INSTITUTIONS TO DEPUTE EXAMINERS FOR SMOOTH CONDUCT OF EXAMINATIONS

As part of the academic activities, examinations, including practical examinations, are integral to the evaluation and development of students. It is imperative that all tutors should actively participate in the practical examination process through their respective institutions.

All faculty members are required to be engaged diligently in the planning, coordination, and execution of practical examinations as per ONMEB guidelines. Their active involvement ensures the integrity and quality of the assessment process, contributing significantly to the academic excellence of students.

To ensure compliance and smooth functioning of the examinations conducted by ONMEB, all Institutions affiliated with ONMEB are requested *to nominate minimum 02 examiners (*mandatory) per course (ANM/GNM) to conduct practical examinations (that is Tutors having minimum 05 years of teaching experience) and to submit their consents through online examination portal of ONMEB as per the time schedule given by the Board. Failing to comply with this, the ONMEB has it's discretionary power to withheld/cancel the practical examination of the particular Institutions for that particular examination session, or, if it has already been conducted, results of the Institution will be withheld for one academic session. Submitting the consent of practical examiners and later withdrawing their consent immediately before conduct of the practical examination and not deploying an alternate examiner will be treated as violation of the guideline.* If any Institutions/ students of any Institutions will approach in any legal forum against the guideline, then Board affiliation for next academic session will be suspended without assigning any reason thereof.

This guideline to be adhered strictly with effect from Annual Examination 2025.
