

## **NOTIFICATION FOR CORRECTION OF NAME/ FATHERS NAME/ MOTHERS NAME / DOB IN MARK SHEET / CERTIFICATE / CC-CUM-CLC OF NURSING STUDENTS**

A wrong practice has been adopted every year by the NTIs that, some students name, Fathers Name, Date of Birth, Photo etc have been wrongly updated in ONMEB server due to which, many students are complaining regarding the spelling mistakes (Candidate Name/ Fathers Name / Mothers Name / Date of Birth etc) in their Mark Sheets / Certificates as well as Course Completion-Cum- SLC/CLC, which are already issued online by ONMEB server. In past, Institutions were already given the options to make due corrections in the above parameters before form fill up (except the Name of the Candidate) and the complaints received earlier regarding corrections to be made in the Candidate's Name are already resolved by ONMEB. But, in spite of several repeat reminders, every year, the number of complaints received by students are not less. Even, it is a matter of surprise that, candidates, before appearing the examinations, while receiving their Admit Cards could not find out the mistake and later on, these mistakes are traced out after the result is already published and Certificates and Mark sheets are already issued. More surprisingly, it is found that, the candidates used to manage to appear the examinations in concerned examination centres, though, strict instructions were given, to verify the Admit Cards with a valid ID card of students at the entrance gate of examination centers. So, in spite of 4 tier- scrutiny at different level, the mistakes are not found out before the publication of results which clearly identifies the nudity of our education system and efficiency and effectiveness of the students as well as stake holders.

However, keeping in to consideration of different repeat problems (if any), ONMEB has decided to make necessary corrections finally subject to the following conditions.

1. The candidates desirous to make any changes in their Name / Fathers Name / Mothers Name / Date of Birth / Photo / Signature has to submit an affidavit regarding this along with submission of sufficient proof (like 10<sup>th</sup> Certificate, presently issued Nursing Mark Sheets / certificates / CC-Cum-SLC & Adhar Card) being duly signed by the students and need to be approved by the concerned Institutions.
2. After receipt of the Affidavit along with requisite documents, concerned Institutions can make necessary changes (except candidates Name)
3. After doing necessary changes to other parameters, regarding the Change of Names of the Candidate, the sets of documents including the affidavit should be submitted to ONMEB with a covering letter from the Institute concerned for necessary action at this end.
4. Request for Changes from a School / College can be accepted only once, and no 2<sup>nd</sup> request in this regard will be entertained. So, the institutions are requested to collect all complaints and to compile all and submit to ONMEB once.
5. All the complaints regarding the change will be accepted within 15 days of the publication of result, but the decision of ONMEB is final and binding in this regards.
6. Individual requests from any students without proper channel will not be considered at any cost. And Institutions are requested to communicate this to their students and advise them not to apply directly to ONMEB.

Besides, all the Institutions as well as candidates are well intimated much before the start of next examination session that, any changes relating to the above will be done before the issue of Admit cards and once the admit card are issued, no such excuses will be entertained.
